NUTRAGOLD[®]

GRAIN-FREE FORMULAS

FOR ALL LIFE STAGES

Protein-rich dog food with natural
antioxidants, omega fatty acids and without
grains, for superior nutrition.

Super Premium
NUTRAGOLD[®]

GRAIN-FREE FORMULAS

FOR ALL LIFE STAGES

GRAIN-FREE

Grains such as corn and wheat have been implicated as causes of canine food allergies. Although dogs are able to digest and utilize the nutrition from carbohydrates, their bodies break down proteins and fats more efficiently. This is why NutraGold Grain-Free formulas are made to be rich in protein, particularly animal-sourced protein. A diet free of grains and rich in protein will eliminate the possibility of food reactions to grain and optimize digestion for your dog.

NutraGold Grain-Free formulas contain the trusted ingredients you would expect from NutraGold, but without the grains.

Real meat and antioxidant-packed vegetables and fruits come together for a highly digestible, highly nutritious pet food with superior taste.

SUPERIOR PROTEINS

The first ingredient in every NutraGold Grain-Free formula is real meat, a highly digestible protein source. High-quality turkey, duck or whitefish provides superior taste and lean protein to help maintain a healthy weight and strong muscles, while sweet potatoes provide complex carbohydrates for all-day energy and added flavour.

ALL LIFE STAGES

All three NutraGold Grain-Free formulas were specifically developed to provide the essential nutrients your dog needs for overall health at every stage in life, from a growing puppy to an aging senior.

MADE IN THE USA

We believe every pet is worthy of the best nutrition. All NutraGold Pet Foods are manufactured at Diamond Pet Foods' state-of-the-art facilities in the USA, with comprehensive food safety practices. When you feed Diamond products, you can feel confident your pet is getting safe, quality nutrition.

Super Premium **NUTRAGOLD[®]**

GRAIN-FREE FORMULAS

FOR ALL LIFE STAGES

GRAIN-FREE

These grain-free formulas provide optimal nutrition for all dogs, especially those that are sensitive to grains.

OMEGA FATTY ACIDS

A blend of omega-6 and omega-3 fatty acids from chicken fat or canola oil, fish meal and flaxseed help keep the skin and coat healthy and shiny.

DIGESTIVE SUPPORT

Natural fibre ingredients, including prebiotic fibre from dried chicory root, help support healthy digestion.

REAL TURKEY, FISH OR DUCK

Real turkey, fish and duck protein sources provide the amino acid building blocks for an ideal lean body condition.

VEGGIES AND FRUITS

Sweet potatoes, peas, garbanzo beans, potatoes, tomatoes, blueberries and raspberries provide an excellent spectrum of phytonutrients.

SINGLE SOURCE PROTEIN

A potentially hypoallergenic protein source rich in omega-3 fatty acids, whitefish is the single protein source in our Whitefish & Sweet Potato formula, helping minimize food sensitivities.

TURKEY & SWEET POTATO FORMULA FOR DOGS

COMPLETE PET FOOD
FOR DOGS

Composition

Turkey (15%), turkey meal, sweet potatoes (15%), peas, garbanzo beans, potatoes, chicken fat, tomato pomace, chicken digest, fish meal, flaxseed, salt, dried chicory root (0.05%), tomatoes, blueberries, raspberries, dried Enterococcus faecium fermentation product, dried Lactobacillus acidophilus fermentation product, dried Lactobacillus casei fermentation product, dried Lactobacillus plantarum fermentation product, dried Trichoderma longibrachiatum fermentation extract.

Analytical Constituents

Protein	24.0%	Crude Fibres	5.0%	Phosphorus	1.0%
Fat Content	14.0%	Moisture	10.0%	Omega-6 Fatty Acids	2.4%
Crude Ash.....	7.0%	Calcium.....	1.3%	Omega-3 Fatty Acids	0.3%

Additives: Nutritional Additives

Vitamin A	10,000 IU/kg	Ferrous Sulphate Monohydrate	60 mg/kg
Vitamin D ₃	750 IU/kg	Cupric Sulphate Pentahydrate	7 mg/kg
Vitamin E	150 IU/kg	Potassium Iodide.....	1.5 mg/kg
Ferrous Chelate of Amino Acids Hydrate.....	60 mg/kg	Manganous Chelate of Amino Acids Hydrate.....	20 mg/kg
Cupric Chelate of Amino Acids Hydrate.....	7 mg/kg	Manganous Oxide.....	20 mg/kg

Calorie Content

3,550 kcal/kg Calculated Metabolizable Energy
